El Éxodo

22.9874° N, 82.7536° W

El Exodo del Mariel, uno de los grandes
movimientos imigratorios empezo el 20 de
Abril en 1980. Mas de 125.000 Cubanos
salieron de la isla en apenas siete meses—
con destino a Estados Unidos, esepciamente a
Miami.

Over 125,000 Cubans escaped the island with
the hopes of reaching the United States.
This migration began on 20th April 1980 and
came to be known as the Mariel Boatlift.
