SLAVERY: a forced immigration

- Black people appropriates White Western culture
- Separate but equal

A cartoon illustration of a person's head in profile, facing left. A hand is pointing to a thought bubble that contains text. The background is dark with wavy lines and question marks.

WOULD  
HE HAVE  
SAID THAT IF  
I WAS  
WHITE

mmhm

SO MR. THAYER  
I don't  
understand  
why you wrote  
that on the  
board. Is that  
what you  
believe.

I don't  
think  
appropriation  
counts for  
African  
Americans  
back in the  
day b/c they  
were  
enslaved.

THAYER

I'm sorry honey. I wish  
the world wasn't  
like this. But that's  
just how it is. It's  
up to your generation  
to make the change  
for the next.

But what  
can we do?

We can  
do a lot  
more than  
we're doing  
now André.
