

pirates

(scary voice)

The Pirates are crossing the

boys play ground and slashing
it with there knives!

THEY ARE opening the gate !

Misses Lobonte made all
the children go down
stairs in the
celler. The teachers
were screaming. The
children were laughing !

pirates came through
the kitchen and eating our
food!

They're making slash marks
on our selling!

There's going in all the
rooms and racing

them up! They're coming
in room 7! They're eating

Susans lunch. And crashing
the windows.

Misses Lobonte said she had
had enough. And so did everybody.

So Misses Lobonte went up

stairs, stares and the pirates
captured her!
