# Scope

---

SCOPE is a publication to be presented in the form of a news-educator.

Its purpose is to publish, criticize, and interpret anything that might be of interest to the students.

This being the first issue, and problems of organization still unattended to, there will be no subject mentioned. Future issues will make up for this omittance.

For the time being we wish to impress on all that SCOPE will always function as a medium of expression for any discreet and intelligent idea.

## THE TREK CLUB

Approximately fifty R.I.S.D. students and Mr. Ferry met on OCT. 31 to form a club for sports and activities at the school farm. Officers were elected and the general purpose of the club established.

It was decided that it should exist as a body of students interested in all kinds of activities, with ideas and energy to put them into effect.

When there is to be no assembly formal meetings are held every Wednesday at 11:30 in room 412.

Any student in the school may become a member by paying one dollar (the annual dues). This enables the person to participate in all club activities, generally without cost for the year.

Activities started with excursions to Cranberry Hill every other Sunday. Then the idea of sponsoring a Winter Carnival was conceived:

The carnival itself was preceded by a successful tea dance and movies . Then after much work the carnival was put on . Food and music were provided for all .

An impartial group of outside judges selected Barbara Eastman , Queen of the Carnival . A Coronation ceremony followed .

More than one hundred students and guests attended and enjoyed skiing , tobogganing , and eating .

The carnival does not by any means end the activities for the year . The best is yet to come - - - - Ski trips , a barn dance , and many other events are on the program right now and when spring comes--well you just wait!!!

We hope to make the Trek Club with its carnival and Queen a tradition .

We feel assured that this tradition will not be broken -- for a project imbued with spirit and enthusiasm can never die out .

SCOPE would appreciate criticism of  
any sort .

If you have any contributions to  
make please do not hesitate to do so .
