I love you

Hahaha

Tired of Boston already?

Wacky evening

Taking the train back soon

Synchronized bulldozer  
choreography is happening out side  
my window

Do you feel reverberated?

I've been joining in  
I remember the moves

The dance of the machines  
My train is delayed  
But they won't tell me for how long

Are you in the train?

I'm waiting for it

Why not just spend the night?

I wish my bro was here  
But he's in Georgia

Oh

Yeah

The snow may pick up tomorrow too

Yes Saturday is supposed to be  
super snowy too

We will explore  
I will look for a dancing place or we will make our own  
space  
Also

:)

We will explore to the beach  
Rocks waves ice  
Or a meadow I like those too

Do you know any meadows? Take me to them

Do we wait outside what cheer?

\$

I like that one

Are these futurebreads?

That are eye pieces

Scrumptious

Valne's

Hand Square dropping  
then dropping off  
the U-Haul place on
