Events

EVENTS has been established as a service to the students of RISD. Receiving funding from student fees as appropriated by the Student Board, and with a grant from the Office of Student Affairs, it is published by an independent staff. Taking the form of a biweekly calendar and special larger issues, it includes schedules of entertainment, lectures, and club activities within the school and the local community. In addition to the calendar of daily events, informational articles will highlight specific happenings, and the work being done in the academic departments within the school.

EVENTS is an attempt to spur communication at RISD between the students and the faculty and between departments. As sophomores or transfers, we divide and often we lose track of our friends and what they are doing. RISD was founded on the belief that art students benefit from a knowledge of design in many areas. The staff hopes that by presenting students with activities they can participate in, information about their school and the work of other students, we can act as an informed student body.
