We sleep,
we dream,
waking long and
vast and deep
into the night...

eyes
closing on
the tick of
the clock
to open on
endless
shores...

Colophon

This book was conceived,
hand-rendered & bound
by Teresa Pankratz —
after a year of dreaming!
The 7 original, hand-drawn lithographs
were processed & hand-printed
on River BFK & Mohawk Superfine
by Hoofprint Workshop, Chicago's
inimitable litho expert, Gabe Hoare.
The handwritten silkscreened colophon
was processed & hand-printed
by Hoofprint partner Liz Born.
Deepest thanks to Gabe & Liz,
the Hoofprint interns & volunteers
& as always, Bryan Saner,
for their invaluable contributions!

This is 3 of 15.
